

VINE - MARS

INT. LIVING ROOM - NIGHT

Two guys are playing video games while sitting on the sofa.

GUY

I want to go to mars.

FRIEND

(Does an Arnie
impersonation)

Quade! Get your ass to mars!

GUY

I'm serious.

FRIEND

Sadly, I figured.

GUY

I think it would be the coolest
thing ever. Who knows what's up
there.

FRIEND

We do. We all know what's up there.
Have you not seen the photos from
the rover?

GUY

Yeah, but...

FRIEND

(Interrupts)

Dude. That baby is sending back
Mars dick picks in full high res
and you know what it's showing? A
red wasteland. No intelligent life.
And completely inhospitable.

GUY

I just think it would be cool to
see it in person.

FRIEND

Man, if you want to see a red
wasteland, devoid of intelligent
life and completely inhospitable.
You don't need to go to Mars. You
can just go to Michigan!

BOTH

OHHHHH!

GUY
Snap and a half.

FRIEND
Epic burn!

CUT TO:

Man dressed in a foam costume in the shape of Michigan. It has Michigan written on it.

MICHIGAN
You guys are jerks.

FRIEND
Suck it up, Michigan. You know you suck.

MICHIGAN
I'm only red because Trump said he'd fix out water.

GUY
How's that working out for you?

MICHIGAN
(sighs)
Dicks.

THE END.
